A report having started that Senator Brown, of Georgia, intended to resign, a Southern paper promptly nominates Editor Grady for his successor, but Mr. Brown's friends state that he has no intention of retiring from the Senate.

Mr. Charles Emery Smith, the editor of Po Empire State and sends his paper a long letter favoring the re-election of Senator Miller and predicting his final success. Of the oft repeated charge that Mr. Blaine revision as that. is taking a hand in the contest, Mr. Smith writes: "Mr. Blaine I am sure la in no way connected with a contest among those who are equally his friends."

The decision of Mr. Ames, the defeated Democratic candidate for Governor of Minnesota, to contest the election of Mr. years has been such as free traders desire, McGin; the successful Republican candidare, results probably from a desire of the save for the narrow blockade of a revenue former to keep himself before the public, tariff; foreigners have supplied consumers with poor grace from the member of a capital of the State epresented by rail party smirched all over with election ways has been largely augmented by forly. and the session promises to be one of considerable interest. As to the organization of the two houses there has been Httle if any change in the situation since the Watts outlined it some time ago. For the Presidency of the Senate two names are mentioned, those of Senator-elect Libbey, of Penobscot and Senator-elect Marthe of Lincoln, either of whom would make an excellent presiding officer. In the House it still looks as though Mr. Littlefield bad things all his own way. He is a young man of fine presence and ability and if elected, will honor the position.

The bave existed between himself and General bave existed between himself and General Marks, Gov. William B. Butes, Senator Whitthorne and Congressman. John F. Porter, Middle Tennessee; ex-Gov. Jas. D. Porter, Middle Tennessee; ex-Gov. Jas. D. Porter, Of Stale, and John H. Savage, the "Old Man of the Mountain," of McMinnville, in the eastern part of Middle Tennessee, who is now State Senator-elect from his district. The name of Col. E. W. Cole, of Nashville, the late railroad magnate, is of his reasons for recommending Gereral Howard, expressing the sincerest regret

Nativille, the late railroad magnate, is also meutioned in connection with the sentrorial race as a possible candidate to be gut forward by the railroad companies of the State, and such a move is by no means improbable.

Mrs. Logan will leave Washington for Chleago during the latter part of this week, or shortly thereafter, for the purpose of consultation with officials of that city in regard to the interment of the remains of her husband. She has signified her preference for South Park, the largest and handsomest of the city, but the city council can only offer the Lake front park, permission to accord the privillege of making the tomb of the general, in the park she has chosen, being only in the power of the Legislature, which will meet early this week. One of the first acts, it is thought, of this body, will be the passage of a resolution granting the desired permission. When this is done, it is not expressed there will be much deleved. the passage of a resolution granting the desired permission. When this is done, it is not expected there will be much delay in the ceremonies which will attend the final interment of the Senator's remains. "The funeral of Gen.
